

## REMARKS

The drawings were objected to as having reference numbers not in the specification. Replacement sheets for the affected drawings are enclosed removing the extraneous reference numbers in accordance with the Examiner's directions.

The specification was objected to as having typographical errors. The specification has been amended to correct the errors in accordance with the Examiner's directions.

As this amendment only involves correcting typographical errors and deleting material at the request of the Examiner, and does not involve substantive matters, applicant respectfully requests that the above amendment be entered and the objections be withdrawn.

Claims 1-19 have been allowed. Applicants acknowledge with thanks the examiner's indication that claims 1-19 are allowed. The claims have not been amended.

Passing of this case is now believed to be in order.

Authorization is hereby given to charge any fees necessitated by actions taken herein to Deposit Account 50-2117.

Respectfully submitted,
